ALPINE RESPONSIBILITY CODE

1. Know your ability. Know your limits. Learn how to stay in control.
2. Be aware of your surroundings and other people.
3. Use only fully qualified instructors or tour guides.
4. Do not ski alone in remote areas.
5. When moving out of sight of others, let someone know where you are going.
6. When skiing in the backcountry, carry the correct safety equipment.
7. Observe closed signs. Crossing these off-piste areas may cause avalanches.
8. Before skiing or boarding, be aware of the avalanche danger in the area and act accordingly.
9. Do not disturb wildlife. Most wildlife is very sensitive to human activity. Keep your dog on a leash.
10. If you are injured or in an emergency situation, call the Ski Patrol immediately. Do not attempt to move the injured person.
