

WINTER SPORTS AT GARMISCH-CLASSIC

SKI AREA

A dream destination for winter sport lovers: Between the three mountains Hausberg, Kreuzeck and Alpspitze a varied ski resort is located with 40 kilometres of slopes and four valley runs. Families and beginners, carving fans and experienced skiers will all find a suitable challenge here.

IXIS CHILDREN’S AREA

At Hausberg young skiers can look forward to a children’s area full of fun activities related to skiing. In „Ixis children’s area“ ski and winter sport beginners can learn the ABCs of the slopes. The characters from Felix Neureuther’s popular children’s books guide the kids through different stations. A moving carpet and three beginner lifts offer an easy ascent.

ALPSPIX

The AlpspiX viewing platform offers a spectacular panorama of the surrounding mountains – and at the end of the 25 metre long platform a breathtaking view into the thousand metre deep Höllental. With the Alpstizbahn cable car, non-skiers can easily reach the winter world at the foot of the Alpspitze as well.

On reaching the top winter sport fans awaits a unique 360° panorama, before the Gletscherbahn cable car takes them further to the ski area.
