## SAFETY NOTICE

Alpine and Nordic wintersports are recreational activities that continually challenge the human spirit and require common sense and alertness to the weather, to the terrain, and to other participants.

Natural and man-made obstacles are part of the challenge of man against mountain and the elements.

Oversnow vehicles and grooming equipment may be on the mountain at anytime. Give them plenty of space.

Please use caution. Stay in control, and in only designated areas. This will greatly reduce the possibility of injury to yourself and others and enhance your overall wintersports experience.
