## HEADS UP – KNOW THE CODE, IT'S YOUR RESPONSIBILITY

**Your Responsibility Code.** Mt. Brighton is committed to promoting skier safety. In addition to people using traditional alpine ski equipment, you may be joined on the slopes by snowboarders, telemark skiers or cross-country skiers, skiers with disabilities, skiers with specialized equipment and others. Always show courtesy to others and be aware that there are elements of risk in skiing and snowboarding that common sense and personal awareness can help reduce. Know your ability level and stay within it. Observe "Your Responsibility Code" listed below and share with other skiers the responsibility for a great skiing experience.

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

**Unmarked Obstacles.** Be advised that all poles and/or flags, fencing, signage and padding on equipment or objects or other forms of marking devices are used by the ski area to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under Your Responsibility Code to avoid all obstacles or hazards, including those that are so marked.

**Ski Safety.** Under the law, any individual who engages in the sport of skiing, alpine or nordic, or any person who is within the boundaries of a ski area for the purpose of observing any skiing activity, accepts and assumes the inherent risk of skiing insofar as they are reasonably obvious, expected or necessary

*Inherent risks of skiing include, but are not limited to, those dangers or conditions which are an integral part of the sport, and can also include changing weather conditions, variation or steepness of terrain, snow or ice conditions, surface or subsurface conditions, whether man-modified or not, bare spots, creeks, gully, forest growth or rocks, stumps, lift towers and other structures and their components, collision with other skiers and a skier's failure to ski within the skier's own ability.*

**Trail Designations.** Skiers should be advised that a green circle, blue square, single or double black diamond, or orange oval at Mt. Brighton is not necessarily the same as a similar designation at other resorts. The system is a relative system, valid only at this area, and skiers should work their way up, beginning with the easiest trails no matter what their ability level may be, until they are familiar with the trails at the area.

"Park Smart" in Freestyle Terrain

**PARK SMART**

**Start Small**  
Work your way up. Build your skills.

**Make a Plan**  
Every feature. Every time.

**Always Look**  
Before you drop.

**Respect**  
The features and other users.

**Take it Easy**  
Know your limits. Land on your feet.

**HELMETS RECOMMENDED**

**FREESTYLE**

**TERRAIN**

THIS PARK CONTAINS

PARK  
DESIGNATION

**FEATURES**

**WARNING!**  
Serious Injuries or Death Possible

**YOU ASSUME ALL RISKS**

**Electronic Devices.** Mt. Brighton discourages the use of electronic devices – cell phones, music players, or earphones – while skiing and snowboarding, or loading and unloading lifts.

**Lift Safety.** Under the law, you cannot board a lift unless you have sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safely, or until you have asked for and received information sufficient to enable you to use the lift safely. You may not use a lift or any ski trail when under the influence of drugs or alcohol.

**Snowcats and Snowmobiles.** CAUTION- snowcats, snowmobiles and snowmaking may be encountered at any time.

**Slow Zones.** Certain areas (indicated on the map in yellow) are designated as SLOW ZONES. Please observe the posted slow areas by maintaining a speed no faster than the general flow of traffic. Space and speed are especially important in these areas. Fast and aggressive skiing will not be tolerated and may result in termination of skiing/riding privileges.

**Helmet Use.** Mt. Brighton Encourages our guests to wear a helmet. While helmets may mitigate or reduce the severity of some head injuries, their use does not guarantee safety and will not prevent certain injuries. Mt. Brighton reminds you that every winter sport participant shares responsibility for his or her safety and for that of others using the ski area facilities.

**Protect your skiing and riding.** Mt. Brighton would like to remind you that your ticket or pass is non-transferable and may not be resold or used by anyone other than the person to whom it was issued. Please report lost or stolen passes to resort staff or law enforcement immediately. Resort staff may ask you to show your pass or ticket at any time. Failure to show a valid pass or ticket or engaging in fraudulent behavior of any kind may result in loss of skiing and riding privileges or criminal prosecution.

**Aerial Drones.** Recreational drone use by any guest or member of the public, for any reason, is not permitted on or over any Vail Resorts property.

**Children's Ski School Helmet Policy.** Children age 12 and under must wear a winter sport protective helmet while participating in ski school. In addition, children over the age of 12 who participate in designated children's classes or programs must wear a helmet. Rental helmets are available at our children's ski school locations for your convenience.

**Sun Protection.** We recommend Supergoop! Broad Spectrum sunscreen products to ensure protection from UV rays. Remember, sunscreen should be reapplied at least every 2 hours.
