For generations, a trip to Rangleley was the ultimate angler's dream - the premier fishing destination in North America. To honor this rich outdoor heritage, Saddleback's trails are named for the famous fishing flies created right here by Rangleley legends, Carrie Stevens, Bud Wilcox and Dick Frost.

Please be advised that trail ratings describe the relative degree of challenge of a particular slope or trails within the Saddleback trail system. Trails at Saddleback should not be compared to those found at other ski areas. This painting is an artist's concept illustration and may not show all terrain features at Saddleback.
